Despre mine

I'm 35. I'm married and have 2 kids (4 and 9 years). I search for the company/project where I could bring my life and business experience, as well as gain a new one for me. I'm ready to join either startup as well as an existing project. Both are ok, as long as team/project is inspiring.

I love sport, I'm beginner DJ, I practice playing electric guitar, I like bunch of different music, I'm curious about IT, Internet, Web and all kind of technologies. I like to read, I Like to learn new things.

It is some sort of small business that I've done from A to Z and set all possible processes. I've done SEO (u can check it's ranking in search machines), set advertising channels, sell process, all metrics and numbers, social medias, all issues with clients and vendors etc. They work practically independently. So I search for smth else, where I can implement all my life, work and business experience.
